Making Pictures

The Anamix 6 are having a day at the Club House.

"What shall we do?" asked the Omega Twins.

"I know," said Brains "let's draw pictures
of the things we love to do."

The gang laid out all of their paints, brushes
and pencils, ready to start.

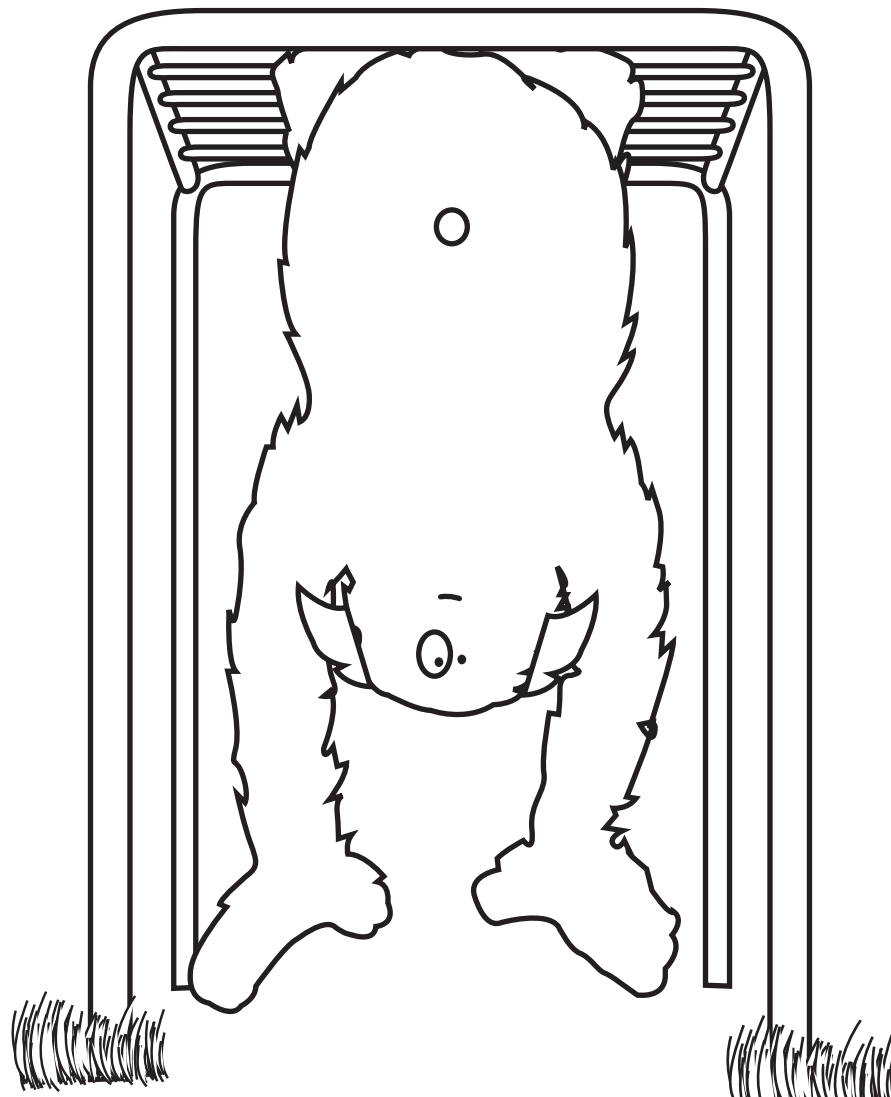

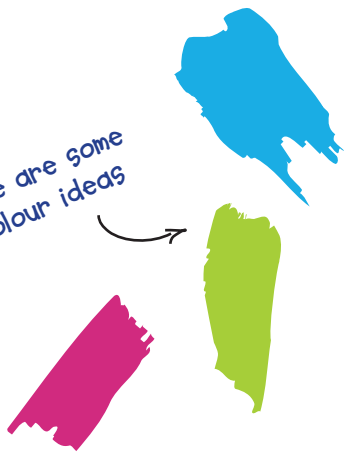

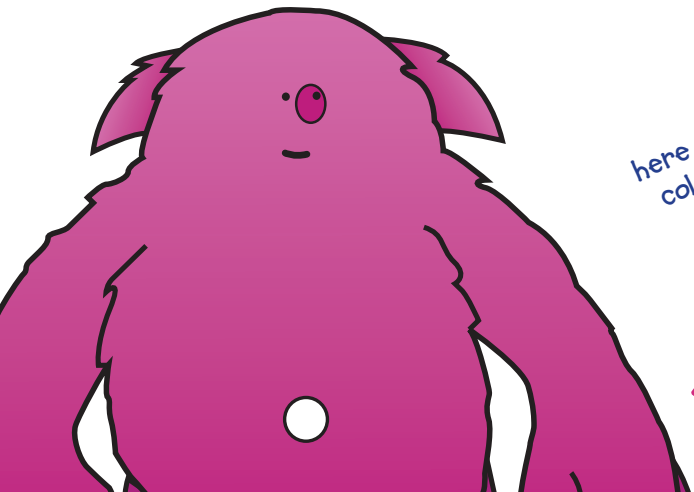

"Let's get drawing!" the gang all shouted.

Bones has drawn a picture of himself hanging upside down on his favourite climbing frame!

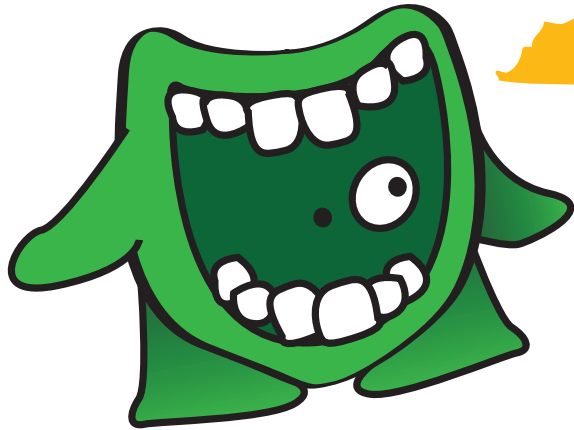

"I love hanging upside down!"

here are some
colour ideas

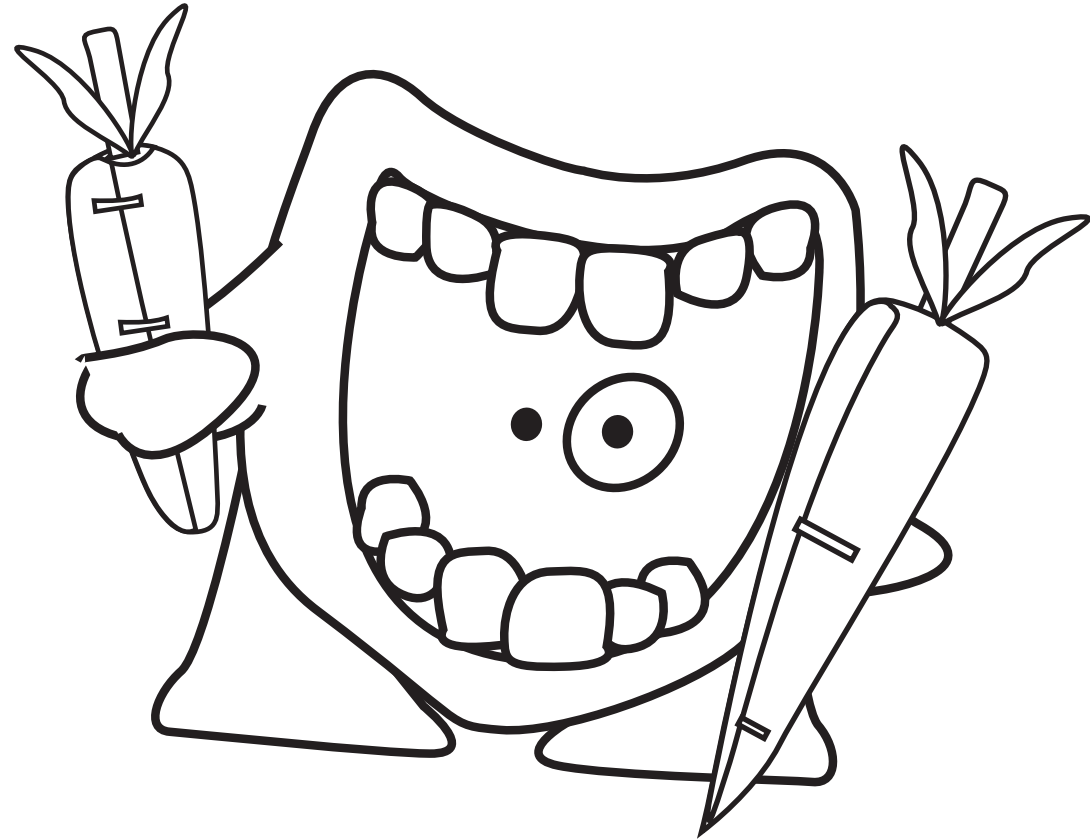

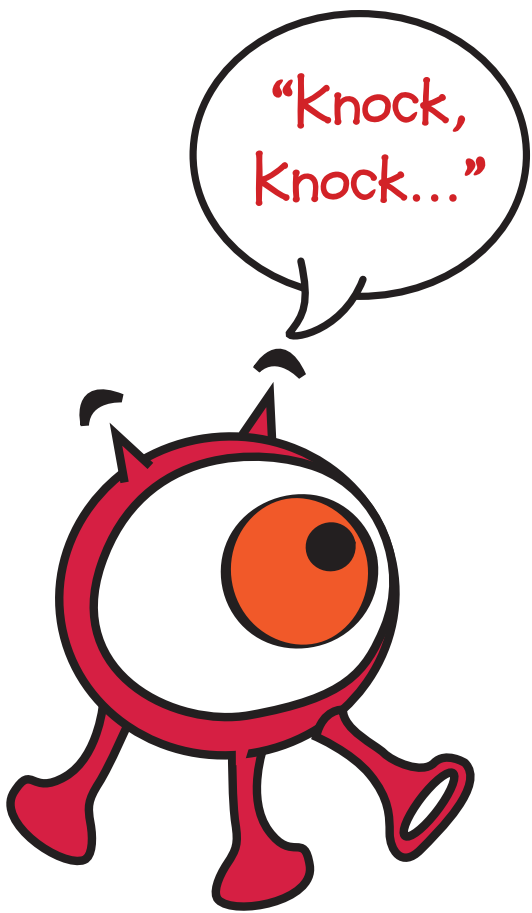

Megabyte has drawn himself eating
his favourite food - carrots!

"I love
carrots!"

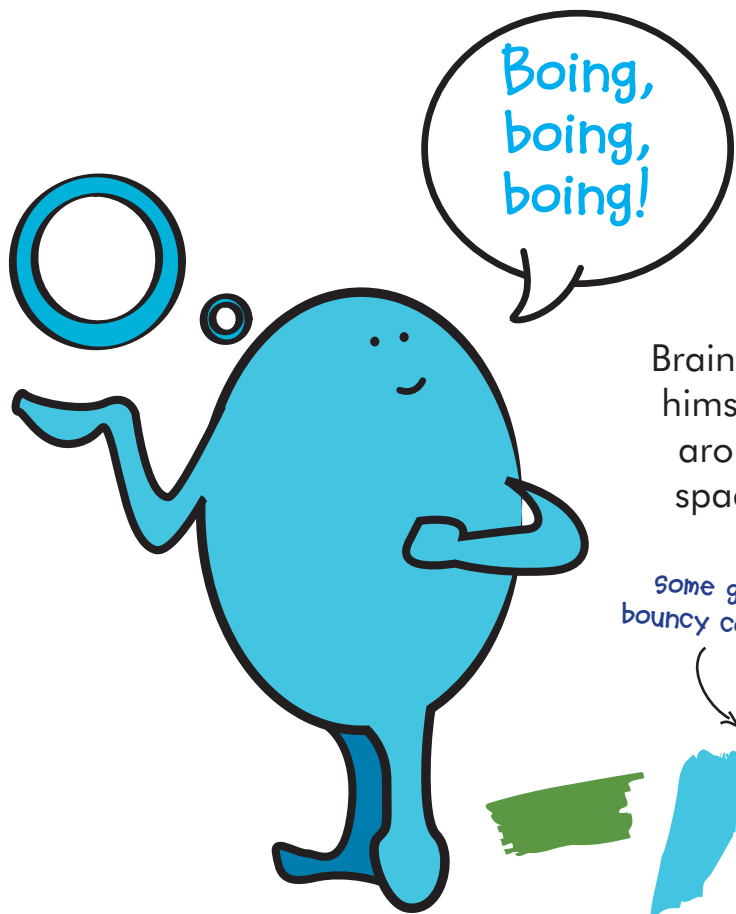

these are my
favourite colours

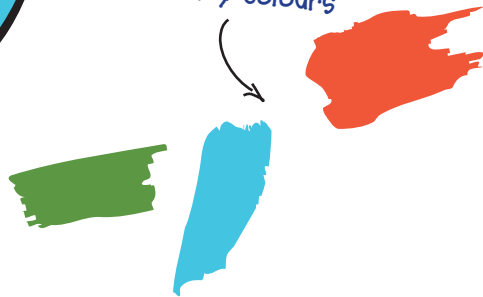

Big Eye has drawn himself reading his favourite joke book!

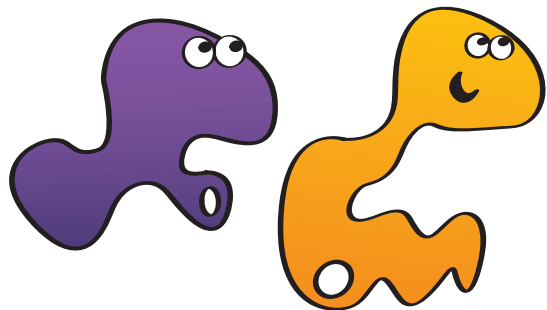

Brains has drawn
himself jumping
around on his
space hopper!

some good
bouncy colours

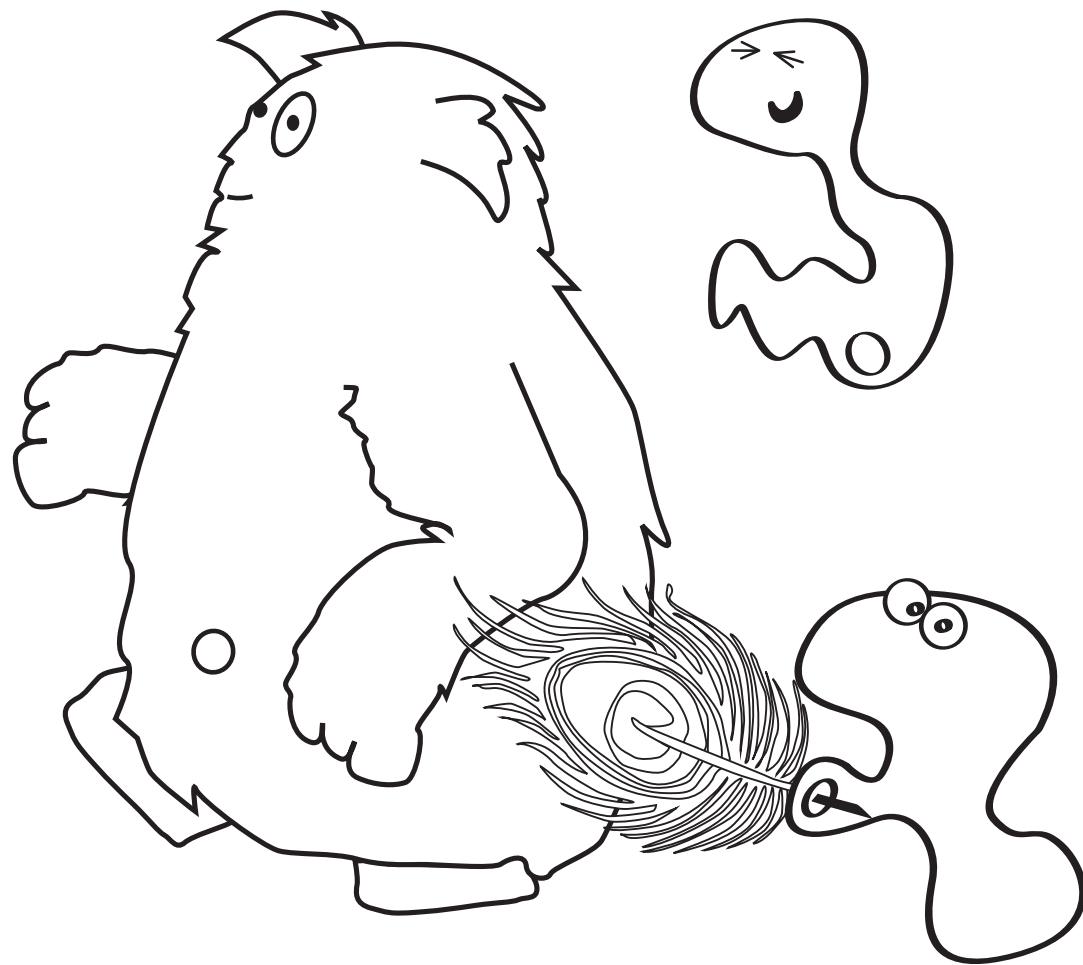

The Omega Twins have drawn themselves tickling Bones with a peacock feather!

"We love tickling!"

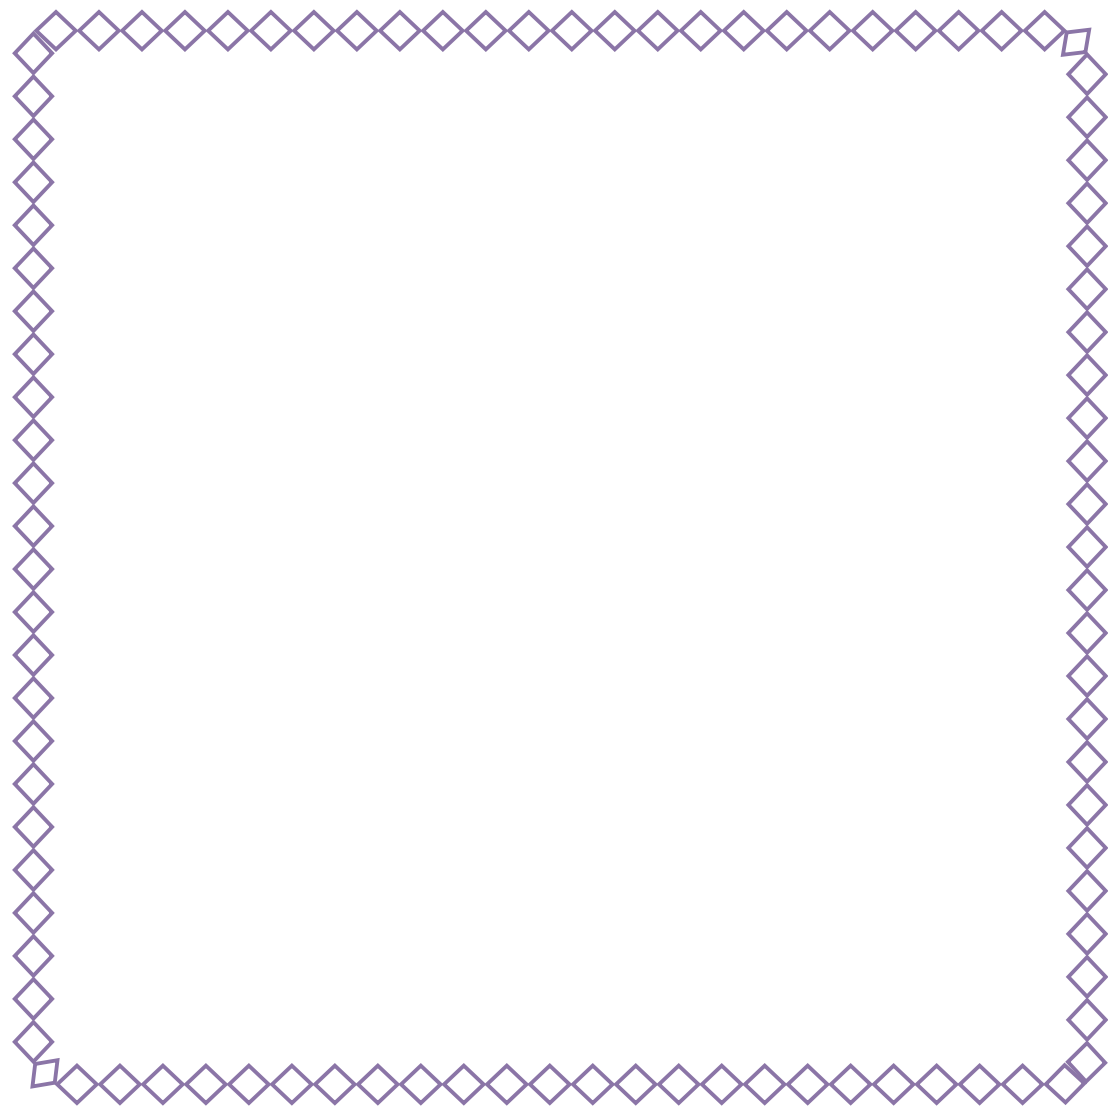

best tickling colours

Here's a blank page
for you to create your own art.

Why not share your drawing with the gang by
sending a photo of it to the Club House.

"We would love to
see your pictures"
