The Camping Trip

It was a beautiful day at the clubhouse and the gang were planning their next big adventure.

"I know something we haven't done before" said Brains.
'Let's go camping!"

"Yes" said the Omega Twins. 'Lots of fresh air! It's always such good fun being outdoors". The gang then planned what they needed to take with them.

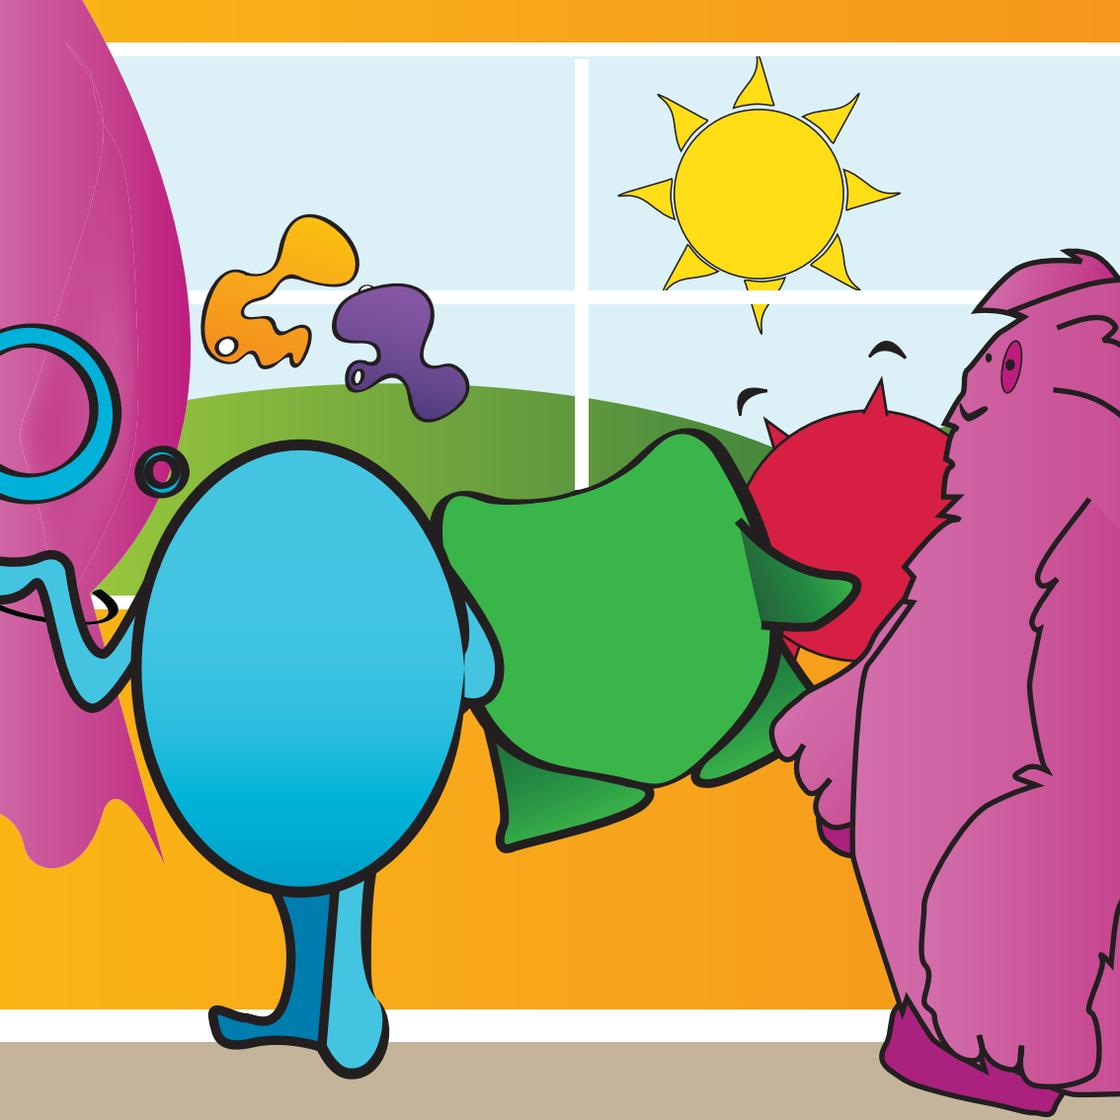

"A tent?" said Brains. "Got it!" shouted the gang.

"A cool box full of treats and protein substitutes?" said Brains. "All packed and ready!" they cried out.

"Torches and telescopes?" said Brains.

"Yes, yes, yes!" they all replied.

"OK, let's go on an adventure then!" said Brains.

With everyone carrying something, the walk to the camp site didn't take long at all.

"I love being outside" said Megabyte.

"I love walking and exercising" said Big Eye

"We're nearly there!" said the Omega Twins.

"Why do we need telescopes?" said Bones quietly to himself...

Once they arrived at the campsite,
Brains gave the gang their jobs to do.

“The Omega Twins and I are putting up the tent”
said Brains.

BIG YELLOW TENT

“Bones, Big Eye and Megabyte, can you collect
some wood from the forest?
We might make a fire later!” said Brains.

And off they went.
Big Eye had a compass with him.
He didn't want to get lost!

The tent is up!

Brains and the Omega Twins
made a very good team!

Once everything was all secure,
the Omega Twins started to unpack their treats
and protein substitutes from the cool box.

“We’d better hurry up.
The rest of the gang will be back soon!”

“Now we have lots of wood, we can make a fire to keep us warm” said Megabyte.

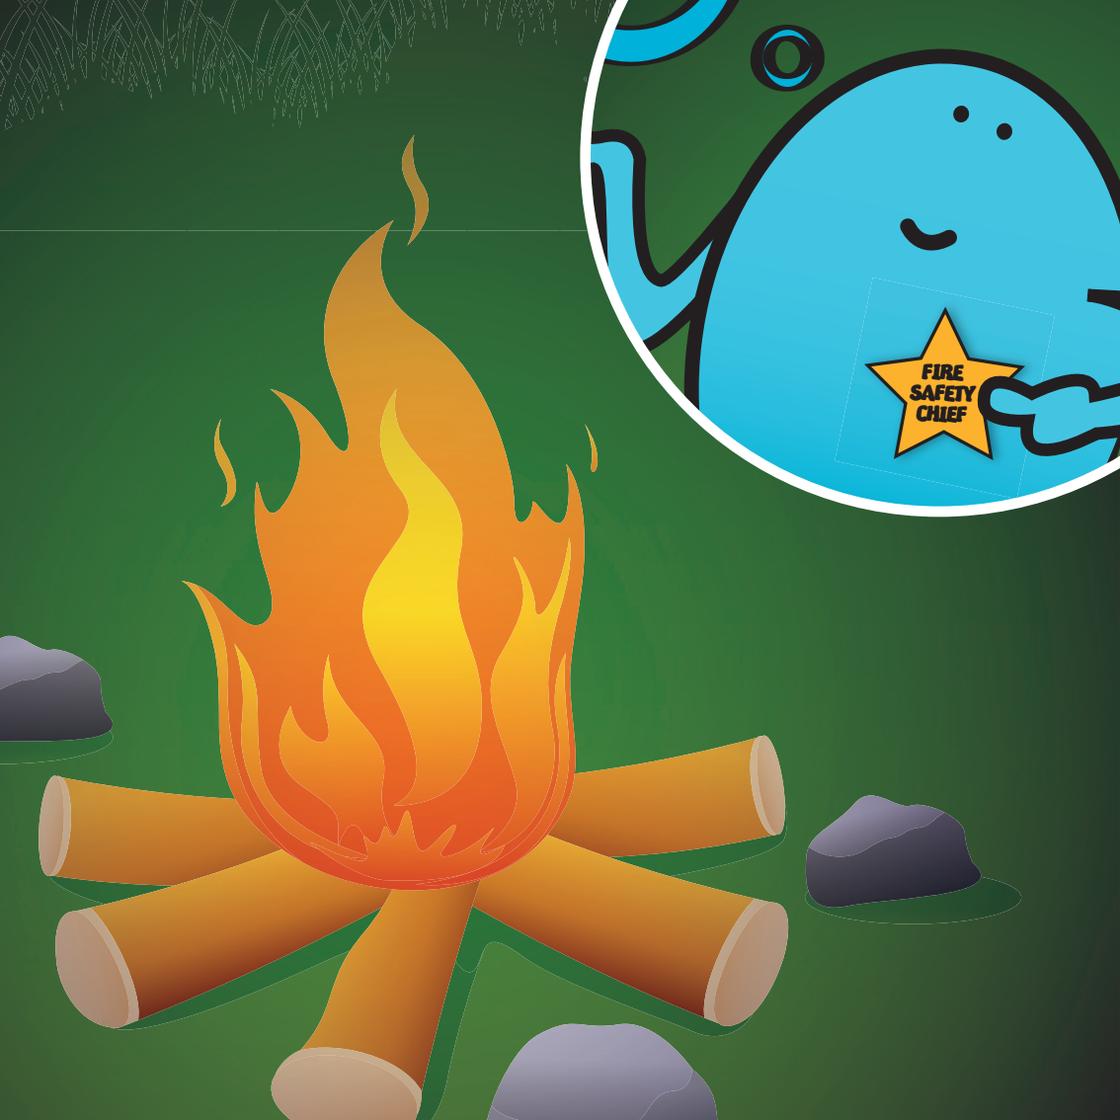

They all agreed that Brains would be in charge of that, as he was the most grown up and clever amongst them.

“It’s very important that you have a grown up around when you have a fire” said Brains. “Then you know that everything is safe all the time”

They all watched as Brains very carefully built the fire for them all, keeping a safe distance from him.

Then, the fire was lit!

“Ooooooh” said the gang. “That’s looks lovely!”

With the fire glowing nicely, the gang all laid down on the soft grass by the tent.

“Before we all go to bed...” said Brains

“And eat our snacks!” said Megabyte.

“...let’s look up at the sky. What do you see?”

“Hundreds of stars!” said the gang excitedly.

“There are so many! How many are there?”

“I can tell you that” said Bones, as he took out his telescope and looked up to the night sky.

“One, two, three, four... This might quite take a while” said Bones. And they all laughed.

What an adventure!
